| a. The report indicates that the maneuvers in the area west and southwest of TEMPLIN were not completed at the end of September 1940. A previous report—stated that some units alleged by left for their military posts in mid-September 1949.*   |
| b. The headquarters of a tank division which moved from HAMMELSPRING to KANGENEURG is believed to have been the hq of the 25th Tank Div (Gadre). Component units of this division, besides units of the 6th Gds Mecz Liv (Gadre) and hq units of the Fourth Gds Mecz Army (Gadre), were confirmed in the TEMPLIN training area throughout the summer of 1949. |
